## MANY CHINESE DIE IN FIGHT ON HILL POST

SEOUL, Korea (AP)—The Communist forces blanketed Capitol Hill with mortar and artillery fire today as fighting in a night of bloody hand-to-hand and bayonet fighting to take the Central Front outpost in South Korean troops.

The U. S. Eighth Army said the big guns poured 30 rounds a minute throughout the day at the ROK (Republic of Korea) outposts which were being held by Chinese troops from Capitol Hill.

Two hundred dead Chinese were reported on the mud-caked slopes of the hill, which was the site of the Eighth Army's main line of defense. Another 300 were estimated killed. The Communists raised Communist casualties to 1,000, which included the Capitol Hill fighting, which ended Saturday, at least 2,800. The Eighth Army said South Korean troops on Capitol Hill killed or wounded 12 Chinese of a Red Platoon which got caught in the open on Monday night.

U. N. B-26s, using radar-aiming techniques, flew through overcast to bomb Red Western and Central Front positions.

At one point, in the fight for Capitol Hill, ROK soldiers leaped from their foxholes and cracked Red encirclement.

Some 2,500 yards to the west, South Koreans held firmly to positions on the south slope of Ridge, where they withstood Wednesday night after seizure and briefly holding the crest. The Communists grabbed Capitol Hill late Saturday and held it all day Tuesday.

Elsewhere along the 155-mile front, only small engagements were reported.

Heavy rains last night and this morning reduced Allied blows.

## RAIN BURGLAR'S WIDOW IS INDICTED

New Castle (AP)—Mrs. Roberta Wright, widow of "Brain Burglar," was indicted today on burglary charges.

A Lawrence County grand jury today accused her of helping her husband rob several New Castle homes. Mrs. Wright, 36, is charged with a six-month term in Allegheny Workhouse for Butler County thefts, also has been indicted on Allegheny County grand jury.

Her husband, who committed suicide in a fit of remorse, gained nationwide fame by undergoing an experimental brain operation to cure his urge to steal.

## Heavy Rains Dent Drought in Texas

Dallas (AP)—Heavy rains dented Texas' two-year-old drought today as continued in dwindling local waters as flood-threatened towns gaged back surging streams.

But for most of the state the rain, costly drought—estimated to cost Texas farmers up to 400 million dollars—continued.

The downpours, centered in the country of Southwest Texas, washed small dams and were feared for loss of at least three lives.

But for the most part, they were late to help the drought-stricken cotton and grain sorghum crops.

A little of the blackland cotton country of the state was touched by the rains that measured up to 37 inches at Fredericksburg in heart of the goat and sheep country.

O. McKinney, 65, was washed into a stream when an embankment collapsed beneath him near Fredericksburg.

Two other persons died in an accident blamed on a rain-soaked highway near Beeville.

## FAISL ALARM

All equipment from the Central Department was rushed to Parkersburg and Lexington avenue at 12:45 o'clock today on a false alarm that came in from a call at 613, which, according to the Department, was accidentally off.

## Sen. McCarthy's Victory Poses Problem for GOP Strategists; Adlai Working on Key Address

New York (AP)—The landslide re-nomination victory of Sen. Joseph R. McCarthy, Wisconsin Republican, posed a question today for Gen. Dwight D. Eisenhower's presidential campaign strategists.

It was how far to go in supporting McCarthy's re-election bid.

The GOP presidential nominee has been lukewarm toward McCarthy, whose foes have accused him of "smeared" innocent persons in his efforts to uncover Communists in the government. McCarthy's supporters say his Communists - in government charges are acts of patriotism.

"No comment," was all Eisenhower would say when reporters asked him at Idlewood Airport yesterday whether he would back the controversial senator.

Eisenhower was returning from a 6,300-mile Midwest swing that he said convinced him the voters want a change from the Democratic administration in Washington.

He declared in Indianapolis he would ask the voters to support the Republican ticket from top to bottom in the interest of party responsibility "in every state I visit."

The general will leave Sunday on another Midwest campaign tour. The itinerary does not include Wisconsin.

Although Eisenhower himself had no comment on the McCarthy triumph on Tuesday, a spokesman at his headquarters yesterday indicated the possibility of a statement later.

The situation appeared to be that there would be no "off-the-cuff" comment, but rather that the general and his strategists would weigh the whole situation thoroughly before deciding on a course of action.

Eisenhower's last stop before returning to his New York regional headquarters was Washington.

The general stopped there en route from Minneapolis and talked with Arthur Summerfield, Republican National Committee chairman, who recently held a meeting with Taft. Eisenhower also addressed Republican party workers.

## TEXAS SOLDIER HELD ATTACKING WOMAN

Harrisburg (AP)—A Texas soldier was charged with assault with intent to kill today in the shotgun wounding of a woman clerk and manager of a supermarket here.

The soldier, Cpl. Franklin W. German, 32, Houston, Tex., was booked yesterday at the Dauphin County jail. The shooting terrorized customers and employees of the market.

The shotgun blast tore off part of the right arm of Mrs. Miriam J. Taylor, 27, of North Highpire, a clerk. She was reported in a satisfactory condition at Harrisburg Hospital.

The same shotgun charge struck Vaughn Liddigh, 54, Camp Hill, the store manager, in the chest. He was treated at the hospital and discharged.

Chief of Police Oscar Blough said reports indicated Mrs. Taylor was separated from her husband and lived in a trailer camp in Highpire.

## SECOND CRASH VICTIM

Chambersburg (AP)—Dr. Royal H. Johnson, 61, of Conneaut, O., died in a hospital today, second victim of an automobile-truck crash on the Pennsylvania Turnpike. His chest was crushed. Dr. Johnson's wife was killed in the crash of the car he was driving into a truck owned by the Turnpike Commission.

## CLARION FATALITY

Clarion (AP)—A 24-foot fall from a silo on a nearby farm yesterday killed John S. Freas, 64, of Clarion.

## "Report to Taxpayers" Says 174 Fired By Bureau of Internal Revenue in Year

Washington (AP)—The Bureau of Internal Revenue dismissed 174 employees in the 12 months ended June 30. Fifty-three were fired for taking bribes or gifts and 24 for embezzlement.

Secretary of the Treasury Snyder announced this yesterday in a "Report to Taxpayers."

Snyder said the bureau got to work weeding out undesirable "considerably before the first irregularities were brought to congressional and public attention." Today, he said, close inspection of the bureau's 57,557 employees, plus administrative reforms, have made it "already a rejuvenated and strong organization."

His breakdown of "separations" in the 1952 fiscal year showed that

## Tito Says Soviets Not Planning Attack

Split, Yugoslavia (AP)—Premier Marshal Tito said he is convinced the Soviets are not planning an attack on Yugoslavia in the near future. If it does come, he warns, it will spark World War III.

In an interview with a group of visiting Norwegian newspapermen, released last night, the Yugoslav leader emphasized his nation would resist any attack.

"We are ready," he said. "Our people cannot be bluffed."

## Vice Presidential Candidates Busy With Conferences

By The Associated Press

Sen. John J. Sparkman, Democratic vice presidential nominee, campaigned in Utah today with two speeches in Salt Lake City and one in Ogden.

Upon his arrival in Salt Lake City, Sparkman said he is in favor of government development of all great river valleys, and predicted the Solid South will stay solidly Democratic in November.

Sen. Richard M. Nixon, GOP vice presidential candidate, was in Washington, D. C., conferring with campaign strategists.

And there were these political developments and declarations:

Speaker of the House Sam Rayburn is calling Texas Democrats for Stevenson into a meeting at Austin next week, obviously to map plans to head off the Lone Star State's threatened swing to Republican Dwight D. Eisenhower.

The State Democratic convention Tuesday decided to put Gov. Adlai Stevenson's name on the November ballot, but voted that party leaders campaign for the general unprecedented move in Democratic Texas.

Louisiana Democrats yesterday dropped a plan to split the ballot and make it easier for them to vote for Eisenhower. The proposal was abandoned because some doubted its legality.

Sen. Frank Carlson R-Kas. said Eisenhower would carry Texas and get more Southern votes than any other GOP candidate in history.

## Former Collector Under Indictment

Washington (AP)—Daniel A. Bolich, former collector, was indicted today on charge of evading his own income taxes. The Justice Department announced the indictment, by a grand jury in Brooklyn.

Atty. Gen. McGranery said the grand jury had returned a five-count indictment against Bolich, covering the years 1946-50 inclusive.

Bolich was the second ranking official of the Internal Revenue Bureau before he retired. Congressional investigators have also been looking into his activities.

The jury will continue its investigation, McGranery said.

Bolich, if convicted on all five counts, could face a maximum penalty of 25 years in prison and a fine of \$50,000 or both. However, convictions seldom result in the maximum punishment.

## FIREWORKS ACCIDENT

Pittsburgh (AP)—Explosion of what police believe was an aerial bomb of the type used in fireworks displays brought serious injury yesterday to two Pittsburgh boys. They are John Georgianni, 9, and James Poole, 7, both of North Side.

## BOY ADMITTED TO RAIL

Pittsburgh (AP)—Robert Laverick, 15-year-old boy charged with murder, is free today on \$5,000 bond. The suburban Jefferson Borough youth, held for grand jury action in the shotgun slaying Aug. 16 of 16-year-old Dale Weaver, was ordered admitted to bail yesterday by Judge Harry Montgomery.

## TO AID DIMES DRIVE

Pittsburgh (AP)—Frank B. Rackley, president of Jessop Steel Co. in Washington, will serve as an associate state chairman for the 1953 March of Dimes.

## CHOIR TO ELECT

Holding a business session Wednesday evening in Trinity parish house, their first regular get-together for the fall season, members of Warren Boy Choir discussed tentative program plans for their sixth season, including election of officers at 7:30 p. m. next Wednesday. Director Byron Swanson reminds all boys interested that private membership auditions will continue through Saturday at his voice studio in the Warren Conservatory of Music.

## ADM. INGRAM DIES

San Diego, Calif. (AP)—Retired Adm. Jones Howard Ingram, commander of Allied forces in the South Atlantic during most of World War II, died last night at the age of 65.

## RED BLOCKADE IS LIFTED FOR U. S. POLICE

Berlin (AP)—The Russians lifted their blockade of a highway strip between the American sector and the Allied border checkpoint at least temporarily at noon today to let an American military police patrol go through.

The MP jeep proceeded without being hindered by Russian sentries who had halted earlier patrols this morning.

U. S. authorities had no immediate explanation for the relaxation of the Soviet ban, imposed with the argument that the stretch of road in question is Russian zone territory in which armed Allied patrols had no right to move.

The Americans and British had used this road ever since 1945 to bring their relief teams to the Drellsdorf checkpoint for border duty until the Russians imposed their blockade three days ago. They halted all daytime patrols but apparently withdrew their guard detail at night, thus enabling the night relief teams to go through unmolested.

American officials speculated that the lifting of this restriction today may have been a result of U. S. High Commissioner Walter J. Donnelly's personal intervention with Soviet Gen. Vassily Chulikov last Tuesday.

They were not certain of this, however, since there has been no indication from the Russians as to whether they will abandon their restrictions.

Meanwhile, an American public health service driver was released to U. S. authorities in Berlin today after having been held for more than two days in the Russian zone.

## Oil City Man Head Of Petroleum Group

Atlantic City, N. J. (AP)—Arthur W. Scott of Oil City, Pa., was elected president of the National Petroleum Association at the group's 80th annual meeting yesterday.

Scott succeeds Earle N. Craig of Freedom, Pa. E. W. Lyons of Philadelphia was elected secretary and G. B. Hunter, Oil City, treasurer.

Craig, president of the Freedom Valvoline Oil Co., in an address to the group termed federal charges that certain big companies are trying to rule world oil trade "the most recent example of federal government intrusion in the oil industry."

"We of the smaller companies of the industry are not cheered by this act of government because we recognize that an unjust attack on one company does not help us, but gives us cause to fear that a similar attack may be made upon us."

## BOMBED BARBER MAY NOT BE TELLING ALL

Uniontown (AP)—Joseph Karem, Uniontown barber whose home was wrecked in a bomb explosion Sunday, "knows more than he is telling," says Dist. Atty. Fred L. Brothers.

The Fayette County district attorney, trying to uncover some motive for the bombing, said he believes Karem is withholding information. Karem has told police he knows of no one who might want to bomb his house.

Brothers said his office is investigating a report that Karem had some trouble in Cleveland, where he operated a non-union barber shop, before moving here. His Uniontown shop also is non-union, the district attorney said.

TEXAS DEMOCRATS REBEL—At the Texas Democratic Convention in Amarillo, Betty Edwards proudly points to her "Ike" pin while giving her best smile and wink in behalf of the GOP presidential nominee. ## New Pastor Is Installed At Impressive Ceremonies Held In the First Lutheran Church

A close examination of the varied factors involved in a "successful ministry" provided the theme for a splendid sermon given last night in First Lutheran church by Dr. G. L. Himmelman, president of the Pittsburgh Synod, in Warren to install as pastor of the parish the Rev. Frederick B. Haer, formerly of Ambridge.

Concerned principally with the definition of the word "success," the speaker used a number of other professions as examples in rating one's self, reminding his listeners, at the same time, that a pastor deals almost entirely with intangibles, spiritual factors, and must consider many things to determine if he has honestly and conscientiously fulfilled his obligations.

Among these factors he placed the state of the church and congregation; attendance at services; how the members come to the Lord's Table; their response to his appeals for God's work; the condition of the church property, all concrete evidence of their reaction to the pastor's ministry.

Summing up, Dr. Himmelman stressed three factors: A good, capable man to begin with; a harmonious, hard-working congregation; and a benevolent hand in carrying on the Work of God.

Years of personal acquaintance with Pastor Haer and the affairs of First church have convinced him, the president said, that all the necessary factors are at hand in this instance. "I assure you," he said in closing, "this man you have called to serve you will give you the best that is in him."

The Rev. Arthur L. Ruths, pastor of First Lutheran church at Ridgway and president of the North East Conference, was liturgical for the vesper service, which included the formal installation procedure and was followed by a brief informal program and a reception. (Turn to Page Ten)

## Police of Area Are On the Lookout For Three Fugitives

Reading (AP)—Three men, believed to be the trio who escaped from the Lewisburg Federal Penitentiary, smashing the show window of a West Reading sporting goods store early today and stole four shotguns and two rifles. Precinct Paul L. West who lives over the store, said he looked out of a second-story window in time to see the three men leap into an automobile and speed away. He reported that no ammunition for the guns was obtained by the trio.

## City and State Police over a wide area, including Warren, have been alerted by the FBI to be on the lookout for three escaped convicts from the Federal penitentiary at Lewisburg. No trace of them has been reported since they attempted a hold-up of a hardware store near Hollidaysburg following their successful jail-break.

The men are named as Joseph Nolen, 26, and Ballard Nolen, 22, brothers; and Elmer Schuer alias Alex Dewitt, 22. Both Nolens are described as five feet six inches tall with brown hair and blue eyes. Schuer is five feet ten inches, also with brown hair and blue eyes. They are reported to be driving a blue DeSoto bearing license plate 651ES. Anyone knowing of their whereabouts is urged to communicate with authorities at once.

Warden George W. Humphrey said the trio squeezed through a small opening they sawed in cell bars, broke out of a 35-man dormitory. (Turn to Page Ten)

## Lock Haven Going All Out in Fight To Prevent Spread of Infantile Paralysis

Lock Haven (AP)—The Lock Haven board of health today ordered a night patrol to enforce a ban on public meetings in its fight against an infantile paralysis epidemic.

Health officers, with city policemen, were ordered to patrol the streets during the evening hours and disperse any gatherings.

Schools, theaters and churches have been closed and all public gatherings banned to combat the epidemic.

The board of health meeting was held after a group of health officials conferred with Dr. J. Moore Campbell, deputy State Secretary of Health, at Harrisburg.

Anyone with business to perform in downtown Lock Haven, Clinton County seat, is urged to complete it with rapidity and go home.

And the city board of health is hinting at stricter quarantine measures to battle the dread disease.

"Unless the public co-operates with directives of the board it will be necessary to take stricter measures which might actually end in the closing down of the whole city," said Dr. T. E. Teah, board president yesterday.

Dr. Teah did not elaborate on how the city would be "closed down" but said the board's main concern is to gain public co-operation.

More than 90 polio cases have been reported in Clinton and adjoining Lycoming and Centre counties since the first week of August. The three counties have a population in the neighborhood of 200,000.

A rate of incidence above 20 per cent per 10,000 is considered as an epidemic by the National Foundation for Infantile Paralysis.

A breakdown shows 37 cases listed in Centre County, 33 in Clinton and 13 in Lycoming.

## NO COMMENT ON ELECTION OF M'CARTHY

Washington (AP)—President Truman said today Gen. Dwight D. Eisenhower proposed an "isolationist Congress" and that won't bring peace.

In a news conference, Truman ripped into the Republican presidential nominee's call for election of a Republican Congress while saying that peace is the big issue of the times.

If we elect a Republican Congress, it will be isolationist, Truman declared.

By way of emphasis, he gave permission for direct quotes around the words "isolationist Congress."

Press conference rules ordinarily forbid direct quotation of the President.

Truman opened his meeting with reporters by reading a prepared statement in which he attacked what he called the "one party press" for its predominate support of the Republican ticket.

Truman said that only 10.3 per cent of the 1,769 daily newspapers in the United States supported the Democratic ticket in 1948 and that almost all the big circulation magazines preferred the Republican party that year. The situation "hasn't changed much," he added.

In taking this tack, Truman was echoing statements made recently by Gov. Adlai E. Stevenson, the Democratic presidential nominee.

In a similar distinction, Truman said he did not give a hoot what the newspapers said editorially if they gave the Democrats a break in the news columns.

Truman was asked for comment on the victory by Sen. Joseph R. McCarthy in the Wisconsin Republican primary. He said he did not care to make any.

He also refused comment on the decision by Gov. Allan Shivers and some other Texas Democrats that they will support Eisenhower.

Asked about his own plans for campaigning, Truman said his still being drafted, that he will go where ever the Democratic National Committee wants to send him.

Truman will board his campaign train Sept. 27th for a tour into the West.

## Large Destroyer Is Believed Sabotaged

Boston (AP)—First Naval District headquarters disclosed early today that metal chips found in the reduction gears caused \$300,000 damage to the destroyer Pritchard in what may have been sabotage.

Rear Adm. John L. McCrea, commandant of the district, said a naval intelligence investigation to determine if it was sabotage has not been completed.

He said the damage was discovered about a month ago just before the Pritchard was to leave the Boston Naval Shipyard for a training cruise.

The investigation was kept a secret until last night when word leaked out. The Navy confirmed the report early today.

Navy sources said repairs will require several weeks.

The reduction gears are that portion of the vessel's machinery which reduces the engine's revolutions for the propeller shaft.

## TRUCKERS MEETING

Bedford (AP)—The Pennsylvania Motor Truck Association, opening a three-day convention, planned today to renew its fight for increased state weight limits. A bill to permit truck weights above the present 45,000-pound gross limit was passed last year by the Legislature but vetoed by Gov. John S. Fine.

## State Heads Toward Registration Record

Harrisburg (AP)—Pennsylvania appeared headed today for a new all-time registration of voters for the Nov. 4 presidential election.

Reports from counties across the state indicated that more than five million voters may be enrolled before the deadline Saturday. The record of 5,014,710 was set in 1940.

A registration of close to two million voters was reported in Philadelphia and Pittsburgh, the state's two metropolitan areas.

DEAN MARTIN AND JERRY LEWIS IN HILARIOUS COMEDY HIT "JUMPING JACKS"

At The Library Theatre Friday Through Tuesday

In Hal Wallis' "Jumping Jacks," the Paramount Picture which opens Friday through Tuesday at the Library Theatre, Dean Martin and Jerry Lewis give a riotous demonstration of what happens when an anemic song-and-dance man and his girl-happy buddy join the paratroops. Punctuated with bright music, lively dancing and romance, the demonstration stacks up as the screwball team's freshest and funniest screen chore to date.

To state it another way, "Jumping Jacks" is one you have to see. To get down to cases, the story casts Dean and Jerry as a vaudeville team. For a while, that is. Then Dean answers the call to the colors. Jerry can't follow because his rickety frame just isn't up to the rigors of Army life. But while visiting Dean, he's mistaken for a genuine GI. Before Jerry can explain to the colonel that it's all a terrible mistake, he's clapped into a soldier suit and marched off with Dean to Fort Belvoir, to become a paratrooper.

Co-Star Mona Freeman adds an attractive feminine touch as the girl who touches off a romantic tug of war, and the bouncy score of Mack David-Jerry Livingston tunes provides for the side-splitting nonsense aloft and on the ground. "I Know a Dream When I see One," "The Parachute Jump" and "Keep a Little Dream Handy" are some of the numbers smoothly sung by Dean and Mona.

## Cartoon Contest Is Planned This Winter By Wildlife League

Washington, D. C.—The Nation- al Wildlife Federation has asked the high school students of Amer- ica to create a cartoon character which can be used to tell the story of conservation—and offered prizes totaling \$700 in a nationwide contest.

The cartoon contest will take the place of the annual conserva- tion poster contest which the Federation has sponsored for 15 years. Entries must be submitted by next Jan. 31 and winners will be announced during National Wildlife Week in March, 1953.

As in the previous poster con- tests, the cartoon competition will be divided into junior-high and senior-high groups. Students anywhere in the United States, from

the seventh grade through the last year in high school, are eligible.

First prize in the Junior division—grades 7, 8 and 9—is \$100. The second best entry will win \$50; third, \$25; the next ten best, \$10 each.

Top winner in the Senior divi- sion—grades 10, 11 and 12—will get \$250. Second prize is \$50; third, \$25; next ten, \$10 each.

The Federation said the contest was inspired by the success of "Smokey Bear," the cartoon char- acter developed by the U. S. For- est Service in its advertising cam- paign to prevent forest fires. The wildlife organization hopes to find a similar cartoon symbol which can be used to urge Americans to take care of their natural re- sources.

The Federation had these sug- gestions for young artists:

Entries may be a caricature of an animal or person, or the person- ification of an animal in the man-

## REGISTRATION FIGURES

The drive to have every adult registered and qualified to vote in the presidential election in November enters the final stages today, with the office in the court house remaining open until nine o'clock each evening including Saturday.

According to an Associated Press dispatch pivotal Pennsylvania, amassing new registrations by the thousands in this presidential election year, set an example for the rest of the nation today of awareness of the privilege of voting.

Seething local registration drives were pushing the 1952 local voting lists to within range of the all-time peak of 5,104,710 set in the Keystone State in 1940.

Only a quarter of a million more registrations are needed to shatter the 12-year-old mark. And indications are that the goal will be obtained by the Saturday deadline.

Non-partisan organizations and newspapers, radio and television have joined political figures from Gov. John S. Fine on down in urging everyone eligible to "register now."

The drive has borne fruit everywhere from Philadelphia, the state's most populous area, to rural counties like Monroe and Bedford.

The Quaker City has broken all its registration records with a total yesterday of 1,201,591. And in surrounding counties of Bucks, Montgomery, Chester and Delaware the story is the same—record registration figures.

What is behind the drive? Labor, industry, and numerous non-partisan organizations such as the League of Women Voters. In Bedford County even the Boy Scouts are aiding in the drive.

Last April's primary election saw only 4,770,383 voters eligible to cast a ballot. This included 2,860,137 Republicans and 1,855,487 Democrats. Only in 1940 has the state's total soared above five million.

Gov. Fine helped spur the campaign with a recent broadcast urging universal registration in time for the Sept. 13 deadline.

"Do not be among those who loudly protest the way things are going in our government and either neglect or refuse to use the ballot to properly register their protest," said Fine.

"Don't let somebody else do it—do it yourself. Register and vote."

Confidence that registrations will hit a record high also was voiced by T. A. Serrill, general manager of the Pennsylvania Newspaper Publishers Association.

## THE VOICES

The New York Times

We speak of the wind and its voices, but most of the voices are in the trees. An even those voices vary from season to season, almost from month to month. They are speaking now, as the fall winds rise—the winds, not the gales which have, beyond denial, voices all their own.

The big oaks speak with a heavy voice, crisp with the crispness of their leaves. And the big maples have a strong voice, with their big leaves rustling and thousands of them. At first listening one would think there was little difference between the voice of the oaks and that of the maples. The difference is clear—a softer voice in the maples, with their looser stems and softer leaves.

The whisperers, of course, are the members of the willow family, the poplars in particular. The aspens and the cottonwoods whisper in anything but an absolute calm. Give them a breeze and you can hear them afar, fairly chattering, their heart-shaped leaves on long, limber stems, each leaf dancing against a dozen others. The birches come a close second with their whispers, the small gray birches in particular; and as their leaves crisp with September they, too, almost chatter.

The evergreen, the pines and the spruces hum rather than speak; and theirs is closest of all to music. But the music of the pines is best heard at night, and best of all on a winter night when their deciduous brothers of the woodland stand stark in the moonlight. One has to listen most closely now to hear them at all, but their time's coming.

## Here And There

Here's one from the Bradford Era that provides a lot of food for solid thinking:

Did you ever figure what your total annual tax bill is? Well, a California firm has taken some reports on the subject and has come up with these figures:

The average family with an income of \$3,500 a year pays an average of \$1,098 in taxes. This total includes such items as federal income tax; state and local income tax (a negligible figure in the totals, by the way); sales and excise taxes (a hefty item); contributions for social insurance, property taxes and estate gift and inheritance taxes (another small item in the totals).

The average family with an income of \$4,500 annually pays an average of \$1,494 in taxes. The average tax rate for the \$7,500-a-year family is \$2,801, while the family with an income of \$15,000 pays the government an average of \$6,618 in tax dollars.

Returning to the \$3,500 family: federal income taxes amount to \$295; \$4 in state and local income taxes; \$302 in sales and excise taxes, including taxes on cigarettes, cosmetics, gasoline, and so on; \$140 toward social insurance; \$104 in property taxes, either directly through taxes or the landlord who pays the taxes, and \$4 in estate, gift and inheritance taxes.

This "What: In connection with its "Ballot Battalion" campaign the Warren Kiwanis Club has a number of billboard advertisements urging citizens to register. . . . One of these is across from the entrance to the Library theatre and attracting much attention. . . . Have an interesting letter of appreciation from our old friend George T. Harris, superintendent of the Western Union in Washington, D. C., in which he thanks his many friends for the splendid reception given him and Mrs. Harris on their recent visit to Warren. . . . Major W. A. Brown, brother of Richard Brown, Wetmore street resident who died suddenly Tuesday, is commanding officer for the American Rescue Workers at Paterson, N. J., having been associated with the Salvation Army here before entering the latter organization. . . . Continuing his determination to keep adding to Warren's white way Dennis Di Pierro's Warren Neon & Manufacturing Co. has erected neat new signs at both the Blackman-Nash garage, next to the Am-

erican Legion, and also at the Annex Tourist Home. . . . The Store Hours committee of the Warren Retailers has recommended the same hours as last year be adopted for Armistice Day, November 11, with stores closing from 10:45 a. m. to 11:30 during the brief program in observance of the day.

Terse, Tart and Timely: Would-be archers and deer hunters will have an opportunity to test their skill and luck at the Corry Rod and Gun Club field meet Sunday when an archery tournament will be staged in a manner that will be equally fair to the novice as well as the expert. . . . The target will be a life-size buck deer with a large, bright heart ten inches in diameter and each marksman will shoot three arrows at the target and all hits will be recorded. . . . Stock prices of the Hammermill Paper Co., in Erie, are appearing on the "big board" of the New York stock exchange for the first time with the daily opening and closing prices being distributed to brokerage firms throughout the nation. . . . A number of Kiwanians who have been missing from the weekly festive board for some time because of vacations were introduced as "guests" by President Cliff Betts at the Wednesday meeting, to the great amusement of the membership generally.

## W P L

REPORTING

In the fierce competition among authors to find the most electrifying title to catch the public eye, some of the results certainly create interesting problems for librarians. Recently, one of the library staff members called a patron to tell her that the book about the Statter hotel system was reserved for her as the patron had requested. However, due to some kind of faulty communications, the conversation went like this: "Mrs. X, we have the book ready for you which you asked us to reserve. 'You reserved what for me?' 'A Bed for a Night.'"

At this point, the situation went to pieces. However, "A Bed for a Night" is really a very interesting story of the problems, situations and growth of the hotel chain industry.

Oreste Pinto's book, "Spy-Catcher," depends upon its subject for electrifying the reader. Here are numerous true incidents of the tracking and trapping of spies in World War II, in addition to much information on how to be a successful Counter-Intelligence agent.

Two other recent publications are particularly interesting because they are written by authors who have become classic authors in their own lifetime. One book is a play, "A Moon for the Missett," by Eugene O'Neill. O'Neill again dramatizes the tragedy of the failure of human relationships in the story of grotesque but kindly Josie; her alcoholic lover, Jim; and her coarse grained father,

Phil Hogan. The setting is a Connecticut farm and the plot is concerned with Josie's unsuccessful attempt to save Jim from himself. This plot which could be a caricature in other hands is given the dignity of Greek drama by O'Neill.

The other book is, of course, Hemingway's "The Old Man and the Sea" and the reviewers are unanimous in praising it. Here Hemingway uses the slight story of a man's desperate fight to catch

a huge fish, only to lose all but the skeleton to the sharks, as a device to state his philosophy. His belief is this, simply that in man's unending course of trying and failing and trying again there is his victory.

## Airport Manager Brings in New Plane

Back from Washington with a "Fairchild 24" plane, W. F. Maier, who has taken over management of Warren Municipal Airport, is off to a good start today toward restoring the field as an important air base in northern Pennsylvania. Mr. Maier purchased his Fairchild in Washington yesterday and flew it to Warren under perfect flying conditions in two hours and minutes. It carries four passengers comfortably. This ship will be used for charter service, which has not been available out of Warren since last June, and he said that he will now acquire a new ship in order to give fly-lessons to five prospective students who already have applied, to others interested. Three area residents have expressed a desire to acquire ships, expect to buy those within a short time. Private planes are now used at the Airport by Alfred Larson, Everett Stokes and Les Zaffino, all of Warren, Les Sheldon of Kinzua, and Mr. Johnson of North Warren. Mr. Maier, whose lease on the airport was approved by Borough Council at its September meeting Monday, said today that he will use every effort to provide good service in and out of Warren, and have two mechanics available

at all times. Maier is well qualified for his job as manager of the Airport, having received his early training and instruction under the late Slip King. He was a flight officer in the U. S. Army Air Force for two years and 18 months, serving as an instructor at Sheppard Field, Texas, Maxwell Field, Ala., and at Lincoln, Neb.

## Warrenians Enjoy Talk Delivered By Hospital Official

An interesting talk on the subject of "Simplified Psychiatry" was given by Joe Gardner, supervisor of the Warren State Hospital at the weekly meeting of the YWCA at the YWCA building Wednesday noon. The speaker emphasized the fact that the attitude of the public toward mental hospitals has undergone a change during recent years, and lauded the cooperation that is being received from many organizations, including service clubs and others. The talk was interspersed with interesting anecdotes and personal experiences the speaker has had during his long association with the State Hospital. Clifford Betts, president, was in charge of the meeting, with Monroe Marshall directing group singing.

Warren State at present were first introduced in 1937. Mr. Gardner discussed at length the story of the tax dollar in relation to Mental Hospital care, explaining that the average per capita cost in Pennsylvania is \$2.30. He said there are a total of 44,000 patients in all mental hospitals in Pennsylvania. A total of 240,000 patients are accepted each year in the United States, and 85 per cent of all mental cases are cared for in State Hospitals, with others in Veterans institutions and private hospitals. The speaker emphasized the fact that the attitude of the public toward mental hospitals has undergone a change during recent years, and lauded the cooperation that is being received from many organizations, including service clubs and others. The talk was interspersed with interesting anecdotes and personal experiences the speaker has had during his long association with the State Hospital. ## Death of Former Sheffield Citizen Is Cited Suicide

Jamestown, N. Y.—The body of a committee chairman of a veterans' organization was found hanging from a rafter in his group's clubhouse yesterday afternoon.

The man was identified as R. Sigfried Johnson, 48, of 145 Park Street. His death was ruled a suicide by Coroner Samuel T. Bowens.

The body was found in the main hall of the 40 and 8 Club about four miles west of Ellery Center by Edward Ryckman, of Westfield, and Gerald Tubbs, a peace justice at Ellery Center.

Mr. Johnson, who was house chairman at the club, was to have gone to the clubhouse early yesterday afternoon to prepare for an organization meeting last night.

Mr. Johnson was a charter member and past chef-de-gare of the 40 and 8 and a charter member of Ira Lou Spring Post 149, American Legion.

A veteran of World War I, he also was a member of the Jamestown Police Reserves.

He was born Jan. 29, 1894, at Sheffield, Pa., the son of Fred and Augusta Hedstrom Johnson, and was confirmed in the Mission Church, Sheffield, in 1908.

He came to Jamestown about 35 years ago and was employed at the Plomb Tool Company. He entered military service April 4, 1918, at Warren, Pa., and was discharged June 12, 1919, at Camp Lee, Va.

Taking part in the Picardy offensive, St. Mihiel and Meuse Argonne as part of the American Expeditionary Force in France, he was a member of Company M, 317th Infantry Regiment of the 80th Division.

Mr. Johnson is survived by his wife, Elsie Helgren Johnson; one son, John E. Johnson, of Jamestown; one sister, Mrs. Clarence Crisman, of Sheffield, and several other relatives.

## Church Nuptials in Sugar Grove For Hazel Ann Miller and J. K. Dunderdale

Sugar Grove—A beautiful late summer wedding took place in the Methodist church Saturday, August 30, when the Rev. Palmer Taylor united in marriage Hazel Ann, daughter of Mr. and Mrs. Gerald Miller, Sugar Grove, and James K. Dunderdale, son of Mr. and Mrs. Arthur Dunderdale, Jamestown, N. Y. Mrs. Neil Scott played traditional wedding music.

Mrs. Darwin Curtis, as her sister's matron of honor, was gowning in floor length blue tulle with bolero jacket; the bridesmaids, Geraldine Miller, another sister of the bride, and Barbara Cheney, wore ballerina gowns of rose tulle, also with boleros. All carried colonial nosegays of roses, gladioli and delphinium in white, yellow and blue, with matching floral headpieces.

The bride, escorted by her father, wore a floor length gown of lace over satin, styled with bouffant skirt, peler pan collar and long sleeves. A seed pearl Juliet cap held her fingertip veil of illusion net and an orchid centered her bouquet of white roses and delphinium. She also carried a lovely heirloom handkerchief of Bemberg lace made by her grandmother, Mrs. H. Y. Miller.

Completing the bridal party, Jay Smead, airman first class from Buffalo, was best man; Darwin Curtis and Roger Strong were ushers.

Mothers of the principals were gowning in blue, with pink rose corsages, and Mrs. H. Y. Miller wore rose corsage.

The reception followed in the social rooms of the church, 150 guests including those from Rochester, Buffalo, Jamestown, Conewango, Lakewood, N. Y.; Pittsburgh, Kane, Sheffield, North Warren. Mrs. William Miller served the cake, Mrs. Herman

Strong was at the punch bowl; Mrs. Francis Drake and Mrs. Robert Johnson were aides, with Marilyn Miller, sister of the bride, in charge of the guest book.

**NEW BOILER**

A new Pennsylvania gas boiler is being installed in the Court House today to replace two old converted oil boilers which were found to be defective. Installation is being made by S. H. Rasmussen. County commissioners said that when the first cold snap occurred about three weeks ago, and some heat was necessary, the boilers sprang leaks and were found to be in such condition as to be unrepairable. The new boiler is expected to pay for itself in increased efficiency, the commissioners said.

ception for Pastor Haer and his family.

Norman T. Ryberg, chairman of the committee for the service, took charge at the close of the recessional hymn, presenting Karl G. Timm, vice president of the church council, who officially welcomed the new family; Pastor Ruths, who told the congregation, "I know you have done well in calling Pastor Haer, and I pray your relationship may be mutually beneficial."

The Rev. Roger E. Morey, pastor of Bethel Evangelical United Brethren church and president of Warren County Ministerial Association, brought greetings from those groups; Pastor Nore Gustafson, pastor of St. Paul's Lutheran church, spoke of the long-standing cooperation between the sister-parishes; a letter was read from the Rev. Clarence Baldwin, pastor of Grace Methodist church, and a greeting was extended by Dr. Arthur Coley, pastor of First Methodist church.

Extending personal greetings later were the Rev. William Chamberlain, vicar of Warren County Episcopal missions, and Dr. and Mrs. H. A. Runard, retired Lutheran minister and his wife. Mrs. Morey and Mrs. Gustafson were among other guests who greeted the Haers.

Referring to himself as the 20th pastor in First church's 110 years, Pastor Haer stated he desired to "make no great promises, merely to be the best pastor I can. Give me your prayers, and all the rest will fall in line." Calling his family to his side, he presented his wife, who, in turn, expressed her thanks and introduced their three children.

All were given opportunity to greet the Haers in a receiving line at the back of the church and during the social hour which followed in the parlors. Repeating the lovely floral decorations used on the altar and in the dining room, the table was centered with a beautiful bouquet flanked by white tapers. Presiding were Mrs. C. A. Satterlund, Bethel Bible Class teacher, and Mrs. Lena Schaeffer, Dorcas Class teacher. Wives of church council members served as the refreshments committee.

tory and scaled a 30 foot wall in their escape. They got away in a stolen car.

Passing through Lewisburg, the escaping trio encountered Raymond Mickey DeWine, a Bucknell University building and grounds employee. He told police they knifed him in the ribs when he refused to accompany them in the car and give them directions. He was taken to Lewisburg Hospital where his condition was described as satisfactory.

Paul F. Heitman, a Lewisburg salesman, reported he was forced to drive the trio to Lewisburg in his car. He said they attempted to rob a sporting goods store for guns.

As he approached the store, Heitman said, he jumped from behind the wheel, shouted for help and ran off. He said one of the convicts took over the wheel as the convicts roared out of town in his car.

LETTERS TO EDITOR

**Editor Times-Mirror:**

The Child Health Committee of the Warren County Historical Society in order to obtain facts regarding vital statistics in Grand Rapids, Michigan, since the addition of fluoride to the water supply there telephoned Dr. Winston Prothro, director of the Grand Rapids Health Department, and was informed that the figures quoted by Representative A. L. Miller on causes of death before and after fluoridation are entirely incorrect.

U. S. Rep. Miller in remarks published in the Congressional Record last March wrote that four years after fluoridation of Grand Rapids water deaths from heart disease had increased almost 100 per cent, nephritis deaths 60 per cent and intra-cranial lesions, 50 per cent.

Dr. Prothro explained that in the first statistics given for 1944 before fluoridation, Rep. Miller used the vital statistics for Grand Rapids only. In quoting causes of death in 1948 after fluoridation, he used the figures for Grand Rapids plus all of Kent County, Michigan, in which Grand Rapids is located. Kent County has a population about equal to that of the city of Grand Rapids. Dr. Prothro says the vital statistics for Grand Rapids show little change since the addition of fluoride except for a slight drop in the deaths from The erroneous figures given by Rep. Miller have been widely used by opponents of fluoridation.

Dr. Prothro said there has been no indication of physical harm from the demonstration of fluoride to reduce dental decay in Grand Rapids. He said the town is pleased with the dental decay reduction obtained in the 8-year demonstration.

# New Developments Use Flurry In Operations

Beaverdam Herald: Newest development in the current flurry of exploratory gas and oil wells in southwestern Pennsylvania is the assurance that a new corporation is being formed to run competition with Pennsylvania Gas Company in the general area of Carter Hill, southwest of Corry.

The Beaverdam Petroleum Corporation will soon be drilling a test about a mile southwest of the Pennsylvania Gas wells in that area, according to Harry M. Chapman, manager of Union City, but about one-third of the stock is owned by new York interests.

There are three principal points in the development, which have caused the interest of oil men in the area:

—Beaverdam Corporation is presently convinced that the gas is found by Pennsylvania Gas in a generally southwest direction from Carter Hill, and claims to have an optimistic report on its findings by Wilbert E. Seifert, who spent many years in the Titusville-Oil City-Franklin area as a geologist.

—The new company's activity is a strength to the assertion of those who have been saying that the gas is being taken from Carter Hill in greater volume than Pennsylvania Gas has admitted;

—If the vein runs southwest, it would explain why Pennsylvania Gas, out of an apparently dry, leased some 3,000 acres in the general area of Mystic Park, Tryonville, northwest of Hyde Park, this summer.

—The new company is being set up with Pennsylvania Gas as the Carter Hill venture is the Pennsylvania Corporation, a subsidiary of the National Fuel Gas Corporation, United Natural, which supplies gas to Titusville and other areas in this region, is also a National Fuel subsidiary.

Mr. Chapman says the venture has been a year and one-half in the planning stage. The corporation

### Smokey Says:

TIME AND TIMBER DO NOT STAND STILL! FOREST FIRES DESTROY THE GROWING TIME

Many years of growth are lost because . . .

hopes to start drilling by Oct. 1.

"Only the shortage of pipe is holding us up now," he explained, "but we have 3,600 feet and hope to have the remainder within the next few weeks."

Mr. Seifert, the geologist employed by Beaverdam to survey its properties, is now connected with the Oil and Gas Commission of the state of Virginia.

On the theory that the gas vein in that section runs in a southwest and northwest direction, the firm plans to drill its first well on the Frank Stutzman farm, about one mile southwest of the latest Pennsylvania Gas Company well.

The properties making up the 2,700 acres under lease surround the Stutzman farm. Mr. Chapman explained, providing ample property for additional drilling if the results obtained warrant it. Leases are held with 15 property owners in that district.

The drilling contractor who will be in charge of the work is Vern R. Stephens of Rouseville, veteran driller in the Oil City section, according to Mr. Chapman.

# Dedication of Beaty Field 30 Years Ago Recalled In News Item From The Evening Times

Mothers and fathers of today, who were boys and girls in 1922, will be especially interested in this item which appeared in the Warren Evening Times July 5, 1922, concerning the dedication of Beaty Field.

Dreams of Warren children for a public playground have been realized and while the plot of ground donated to the city by Mr. and Mrs. Beaty several months ago and equipped through the agency of the Jefferson Bible Class of the First Presbyterian church, has been available for use for several weeks, the formal dedication did not take place until July third several hundred participated in the exercises.

Presentation of the plot, containing four acres, was made by Addison White in behalf of Mr. and Mrs. Beaty.

The ceremonies followed a parade of about 150 automobiles, each loaded with children, which without doubt one of the longest processions that ever

traversed the streets of the borough.

Between 5:30 and 6:30 a great crowd assembled at the playgrounds, and soon after, the automobiles began to arrive. The line reached from a point far north of the Fifth avenue bridge to Jefferson street, with part of the cars resting on the bridge and Fifth avenue. The Victory Band, on a huge truck, furnished lively music.

Covering a route that was five miles long, the parade moved down Conewango to Jefferson, to Madison, to Grant, to Pennsylvania avenue, and west on the avenue to the new bridge, to the South Side, west on Crescent Park to the bridge, to Pennsylvania avenue, to the Gisholt, to Struthers, to Allegheny, east on Allegheny to Pine, to Pennsylvania, to Second, to Market, north on Market to Fifth and east across the bridge to the playgrounds.

Because of the gathering darkness, the May Pole dance was first on the program, proving decidedly artistic and entertaining. The following participated: Polly McMichael, Loretta Graham, Mabel Norris, Naomi Norris, Katherine Renfrat, Valentine Fisher, Leona Hamm, Helen Hime, Mabel Melzer, Leona Melzer, Margaret Eaton, Emily Eaton, Ruth Goldstein and Martha Snyder.

Secretary A. F. Kottcamp of the YMCA, introduced Burgess F. J. Lyons, who accepted the land on behalf of the borough. On behalf of the boys and girls of Warren, Gloria Shannon, daughter of Mr. and Mrs. George L. Shannon, accepted the grounds and invited "everybody to come down and see how we appreciate it."

In introducing J. H. Goldstein, exalted ruler of Warren Lodge of Elks, the order that donated the flag pole and large American flag, Mr. Kottcamp related the incidents that led to its presentation, the announcement that they were to be presented coming as a pleasant surprise to the committee.

In his opening remarks, Mr. Goldstein related some interesting

cattle, conceived the idea of transforming this plot of land, the length and breadth of which is set out by well defined boundaries, into a public park. Thereupon certain definite stipulations were set forth and presented to the council of Warren borough by Mr. and Mrs. D. W. Beaty, by which they agreed to deed to the borough this land for park purposes upon the agreement of the borough authorities to do certain things, which regulations are more fully set forth in the written statement presented to council by Mr. and Mrs. Beaty. These conditions were complied with after very careful consideration, and after debating the question with great thought, weighing well in their minds the present and future responsibility of maintaining and caring for the park, the borough authorities agreed to accept the proposal and unanimously carried a motion to call this park, "Beaty Park," in honor of the name of its grantors.

Concluding Mr. Goldstein declared: "It is in the spirit of true Americans, loyal patriots and public-spirited citizens that Warren Lodge of Elks hereby given unto the park commission of the borough of Warren, and their successors in office, for the use of the children of the borough, this flag pole and this American flag, which is hereby dedicated to the principles for which this flag shall ever wave; in furtherance of the life, liberty, and happiness of you children and in memory of those who made this country and its laws possible, and that you children may ever love and honor it, and ever live to emulate and foster the example of those who so valiantly fought in its defense."

On behalf of the park commission of the borough council, Mrs. S. E. Walker, in very pleasing manner, accepted the gift of the Elks. After expressing her very great pleasure in being honored by being chosen to accept the gift, Mrs. Walker declared, "May this flag ever teach our children to be proud that America's cause has ever been the cause of justice. Teach them to be proud that their country has always stood for open diplomacy and a square deal. Teach them that America has never fought a war of conquest. We have kept our gate open for the oppressed of the world and we have been patient—perhaps sometimes overpatient—when the lawless wandered in and attempted to strangle us. Nevertheless we have always kept the door open wide enough to admit those who suffered religious persecution. With our pride, let us have the strength of humility and courage to pray: 'my country, right or wrong—may God make her right.'"

Ruth Goldstein in a few remarks accepted on behalf of the children the flag and pole, and the program of dedication coming to an end, the children enjoyed a short period of recreation before darkness settled over the field.

The value of the playgrounds has already been established. Three capable young women have been engaged to supervise the play at the grounds. They are Mrs. I. G. Darling, Miss Florence Young and Miss Alice Larson, with Franklin Hoff supervising the older boys.

### VETERANS' NEWS

Q—I believe I am eligible for training under the new Korean GI Bill. Can you tell me how to apply?

A—You can obtain an application form at any VA office. Fill out the first five sections completely—be sure to include your program of training—and send the application, along with a photostat copy of your discharge, to your VA Regional Office. If VA approves the application, it will send you a "Certificate For Education and Training", which you present at your school when you enroll.

Q—I know that I may change the beneficiaries of my National Service Life Insurance at any time, but may I also change the method of payment of the insurance?

A—Yes. You may change any previously selected optional settlement to any other—and you may do so without the beneficiary's knowledge or consent.

Q—When I went on active duty, I made arrangements to pay a smaller amount on my house, which I bought with a GI loan. Now that I've been released, I find that I am unable to resume my regular payments. In fact, I can't pay back the payments that accumulated during my service. Can anything be done to help me out?

A—Probably yes. It's possible that the payments may be reduced by extending the maturity of your loan. Talk the matter over with your lender.

Q—During part of my military service, I was a cadet at the U. S. Military Academy at West Point. Do I count that time in figuring out how much entitlement to training I have under the Korean GI Bill?

A—No. Time spent as a cadet or midshipman at any of the service academies does not count in computing entitlement to training under the Korean GI Bill.

### OPERA FOR DISTINCTION

Verdi's opera "Aida" first was performed in Cairo on Dec. 24, 1871. It was not, as is generally stated, commissioned by the Khedive Ismail-Pasha for the opening of his new opera house, which had been inaugurated nearly two years previously.

The Geneva Convention of 1929 was a revision of the Hague Convention of 1864 dealing with prisoners of war.

Their brain child is a portable, lightweight snowplow, or plover, to be easily attached to front or back bumpers of automobiles in a couple of minutes—even by a woman.

With a plow mounted behind each back wheel, you can back out of your garage, whisk merrily down the driveway into the street, detach the plover, throw 'em in the car trunk and be off in a gay mood.

The bracket is clamped to the bumper, in front of a front wheel, or behind a back wheel, with hooked bolts and wing nuts. A bracket is mounted at each end of a bumper and can be left there throughout the winter season, since the plow is simply slipped into and out of it.

It will surely save many a ruffled temper.

### Worst Polio Year In Modern History For Pennsylvania

Harrisburg (P) — A State Health Department official has predicted that 1952 may be the worst polio year in modern Pennsylvania history.

"From all indications it looks like there will be 1,700 to 1,800 cases this year if the incidence curve runs true to form," said Dr. William D. Schrack, Jr., of the Bureau of Health Conservation.

The year of 1944 with 1,494 cases is the modern record. Two years ago the total reached 1,450 while last year there were 871 cases.

Total cases reported to the bureau so far this year reached 637 with the addition of what was termed a record weekly high of 169 new cases during the first seven days of September.

Dr. Schrack said the worst previous total he remembered was 118 cases during a week in 1950.

The August weekly totals mounted steadily from 68 to 114, bureau figures showed.

One of the worst outbreaks is in Clinton and Centre counties where epidemic proportions have been reached with 64 confirmed cases reported. The Lock Haven Board of Health Saturday ordered all public gathering places closed "until further action of the board."

The order affects churches, Sunday Schools, Y's, teenage centers and similar places.

Many Clinton County schools already are closed. Two fatal polio cases were reported since August.

The two-county area has a population of about 45,000. The National Foundation for Infantile Paralysis considers more than two cases per 100,000 population as epidemic proportions.

"Until two weeks ago 1952 was running similar to 1950. Then the number of reported cases began running ahead and now it has jumped about three weeks in front of the 1950 performance," Dr. Schrack said.

At the end of the first week of September, 1950, the department had on record 434 cases. The 600 mark was not reached until the final week of September.

Last year 347 cases had been reported after the first week of September.

### Debt Americans Owe on Things They Are Buying on Time Continues to Climb

New York (P) — The debt Americans owe on the things they are buying on time continues to climb.

It is at a record high and approaching 15 billion dollars, the Federal Reserve Board reports.

Installment credit jumped 464 million dollars in May after the board removed curbs on it. June saw another jump of 558 million dollars, and July added 327 million. Americans now owe nearly two billion dollars more for their on-the-cuff purchases than they did a year ago.

The recent sharp increase in these buying shows up in other ways than in Federal Reserve statistics. It accounts for some of the improvement in retail sales of furniture, appliances, and autos—to the delight of the retailers involved.

And the better retail sales volume is now working back to the manufacturers of furniture and appliances, who are more optimistic now and predicting better days ahead.

But the growth of installment credit worries some in the business world who think 15 billion dollars is a lot of debt for American consumers to be shouldering. The monthly payments drain pocketbooks of cash for current purchases. And installment debt would become an acute problem if times turned bad and workers were laid off, and thus be unable to keep up payments.

Installment credit firms however stress the argument that such credit is the only way to provide a market for the mass production of American goods.

The argument is based on human nature. Many people would not save the money needed to pay cash and therefore would not buy the goods. But when they have to meet a monthly payment or give up the car or gadget they crave, people will save the purchase price over the period the payments run.

On-the-cuff buying appeals most to families with money income of \$3,000 to \$5,000 a year, the Reserve Board figures indicate.

### NURSING REPORT

According to the monthly report of Nurse Frances Mader, for the Warren Visiting Nursing Association, that agency added nine cases to its rolls during August, bringing the total under care to 56. In this work, Mrs. Mader had 62 office and telephone calls and made 248 nursing visits. "The association is most appreciative to friends for all donations to its work the gifts including a number of items of miscellaneous sickroom equipment."

## HOW YOUR DOLLAR FADES—

Newschart above, based on Bureau of Labor Statistics figures, shows how much—or how little—of the 1935-1939 "normal" dollar your buck is worth today. Inflation has whittled the consumer's overall dollar down to almost half its proper value. When a housewife spends \$10 in a food market, she gets only \$4.30 worth of food. When Papa boons himself with a \$100 suit, he's getting one that would have cost him only \$45 in 1939. The rent dollar has deteriorated less because rent control has to a great extent kept real estate out of the inflationary spiral.

### START BUILDING UP LITTER IN FALL, AGENT ADVISES

Early fall is the time to start building up new litter in the laying house, says County Agent O. C. Tritt. But keep it dry. Keeping litter dry is a health measure, an economy factor and a necessity in the production of clean eggs. Regardless of the kind of litter used, poultrymen find it is essential that a deep layer of pulverized litter be accumulated before cold weather.

When litter around the water fountain gets damp throw it out, level off the remaining dry litter in the pen and add new litter material. Do not clean out deep litter during cold weather unless it is absolutely necessary. The old, poulted-up litter is much better than a complete new litter added in cold weather.

Where damp litter is a serious problem use air-slaked lime. Spread one bag (100 pounds) on the floor of a 24 by 24 foot pen before new litter is applied. This will work up through litter as the pullets scratch. A pile full of lime over the entire pen each month, or as needed, will maintain satisfactory conditions. If lime is used to correct damp litter where it was not applied at the start of the season, use two pails (50 pounds) of lime per pen. Spread evenly over the pen and let the hens work it in. If the litter is packed it may be necessary to stir it up.

Bobcats are so secretive in their movements that they are seldom seen by men, even in places where there are many of them.

Mr. Berry is now manager of the YWCA cafeteria. His son is a member of the team.

The affair was arranged in honor of the team because of its having won the championship in the

rnell, N. Y. R.—Jamestowner Tony Lupien has put his name in three games out in front of the Hornell Dodgers in the Poney League playoff series last night. The Hornets' lineup drove in all four runs in the first inning as the Falcons shut out all, 4-0.

The teams meet here again tonight with Hornell still seeking first win in the best-of-seven D Series.

Denotes Lettermen

LIFE IS VERY PLEASANT for Tommy LeTrent, left, and Dicky Mancuso, extreme right, co-captains of Wills Cleaners team in the Cadet division of the Hot Stove League, as they listen to the complimentary words of President Charles Musante, left rear, in presenting the trophy to Howard Wills, center. Second from right is Joe LeTrent, manager of the Wills team. The Wills nine won the Cadet crown, the boys are filled with turkey after last night's banquet at the YWCA, and all's well with the world.

## Two-Thirds of Pennsylvania's 800 Scholastic Grid Teams Will See Action This Weekend

By BEN FRENCH  
Harrisburg P.—Schoolboy football kicks off the 1952 campaign in Pennsylvania tomorrow night with the most attractive opening-night program in years.

It's the first time the 1,067 members of the Pennsylvania Inter-scholastic Athletic Association are permitted to engage in inter-school games. The date is a week later than usual this year, sending more than two-thirds of the state's 800 teams into action.

Western schools have traditionally opened their schedules a week or two before the east. Most western teams play their last games on Armistice Day while eastern eleven's compete until Thanksgiving.

Nine of the 13 major unbeaten teams of last year are among the early starters with a contest between two of the all-winning eleven's highlighting the card.

Conemaugh Township, which won 10 straight to take the Class A crown of the 53-school Western Conference, tangles with the Lewistown Panthers. The Indians put a 14-game winning streak on the line against the Panthers' 10 straight. Conemaugh Township is a slight favorite.

Bellwood-Antis is a slight underdog to Tyrone in a top Western Conference tilt.

Other games involving 1951's regular-season unbeaten teams include:

Erle Cathedral Prep 9 favored over Beaver Falls; Uniontown 10 over Georges; Muncy 10 over Frownsville; Donora over Pittsburgh Westinghouse 9 and Franklin Borough over Johnstown Catholic 8.

Up in the northwest Corry and Titusville are slight favorites over Warren and Oil City in two evenly-matched Section II openers.

Elsewhere across the state the choices are:

West — Johnstown over Pittsburgh Fifth Ave.; New Castle over Carlsburg; Meadville over Conemaugh; Indiana over Apollo; Butler over Pittsburgh South; Ambridge over Tarentum; Clearfield over Osoola Mills; Bradford over Ellwood City; Farrell over Erie Academy; Greenville over Mercer.

## Through The Wind Tunnel

Surely you know the present addresses of some of those WHS lettermen whom we are trying to contact regarding the J. B. Leidy testimonial banquet on October 11. Since the list appeared last Friday quite a few addresses have been telephoned in. Please give us a helping hand on this project and telephone Rell Hoskins at 1400 if you can help. If you do not know the address, perhaps you can suggest someone who does and we'll make the calls.

Starting back in 1912 there is G. Stevens—doesn't someone know him? There are two from 1913, S. Sonne and H. Broadbent, both names being familiar but we never knew the two. Then we come to H. Ingersoll and D. Liljenberg, 1914, Anderson in 1916, Jacobson and Johnson in 1918. Right along in a row are the names of some lads we knew well in the old days, Herb Murphy, Phil Kehr, Kay Burns, Bernard Denny, Leonard Mowbray and Sid Kelly—law-abiding, aren't there some of you readers who know where they are?

We find here the names of Paul Philster, Raymond Owen, Robert Barto, Joseph Scalise, Martin Schaeffer, Walter Bowes, Homer Morrison — we remember Homer very well. Now we come to Doug Logan, George Motto, Ray Tib-

## Sheffield to Face Waterford High in Saturday's Opener

With a veteran laden squad of 11 letter-winners, Coach Ralph Santo will journey out of town Saturday to put his Sheffield High Wolverines against Waterford High in the 1952 M-Litter.

The Orange and Black menar plans on using nine of his returnees in Saturday's lineup: Captain Larry Fitzgerald will be in the signal calling role, with Bob Goldwaite, Mick Watts and Bill Trotman filling out the other backfield spots. Troutman is a newcomer.

In the line Joe Flehuta and Jim Hedman own the end slots, Jim Lindblade and Kenny Camp are the tackles, Scott Whitehill, another new lad, and Dave Elmquist at the guard holes, and Ronny Kasback holds the center position.

Jim Wilson and Lou Wagner are the other returning lettermen this season.

JACK WENDELL of Warren (right) is shown in the above shot with Joe Holko, outstanding one-armed player from Warren, O., after a recent match on Benny Scalise's West Side tennis court. Wendell won 6-2. The court is an example of the initiative of Scalise towards building interest in that sport in the community and has been receiving a real workout this summer.

## Grovers Will Open '52 Grid Season at Saegertown Tonight

While most teams of the state officially open their 1952 gridiron campaigns on Friday, Coach Fred Bauer and the Sugar Grove High gridders kickoff tonight at Saegertown under the arcs.

Probable starters are: ends—E. Orcutt and Marion Abbott; tackle—Jim Nobbs and Bud King; guards—Kay Dilker and Gar Ransom; center—Ken Craker; quarterback—Fran Spicer; halfback—Keith Sweeney and McSaturday against Union City High Reynolds; fullback—Gail Onink gridders. Game time will be 7:30.

Several of these players are veterans of last year's Sugar Grove. According to Coach Kamus his team, the first in the history of the school, although the team possesses plenty of speed, especially with halfback Dick Wood, Bauer and assistant Floyd Nobbs 10 second man. The line, however, has big hopes of a greatly improved team over 1951.

## Youngsville High School Grid Team to Face Union City in Opening Game This Saturday

The Youngsville High Eagles, under the tutelage of Coach Frank Kamus for the fourth season, will raise the curtain on their 1952 campaign at home on Wilder Field Saturday against Union City High Reynolds. Game time will be 7:30.

The following lineup will be used against Union City: le—Gordon Fitzgerald, lt—Dick Danuskie, lg—Litzinger, c—Jack Hodges, rg—Paul Miller, rt—Dave Dunkle, re—Fred Phanco, qb—Bud McChesney, lb—Chuck Morris, lh—Dick Wood, and fb—Stub Meabon.

Subs who will likely see action are Don Glenn, Jack Bailey and Ron LeTrent.

bott, J. Anderson and L. Kirby—where are they?

In the basketball list we find Clark in 1916, Gardner in 1917, Joe Allen, Loren Bidwell, Harold Boyette, Kay Burns again, Richard Field (didn't we see in the Times-Mirror a few years ago that Dick attended one of those Warren reunions in California?), Dude Fredrickson, Gene Kelly, Clarence Pierce, Ralph Smith and Robert Larson.

J. Hildum, Joseph Mastrucci, James McConnell and R. D. Johnson appear next on the list, as are Paul Phister again, Stewart, Jack Frost, Clement, Robert Morgan and Carl Swanson.

The last ones are old familiarities to us. What ever became of that light-haired, quiet chap, Roger Robson, and where is Bill Moran? The names of Harry Thompson and Tom Wilson bring back memories—wasn't Harry a daily com-

muter from Kinzua, brother of Winona?

The number is 1400, and we'll be glad to have you call and help out with this list, which will then be on file for all time.

Members of the Wills Cleaners, Cadet champions, scored a record number of hits and runs against turkey last night at the YWCA, but there were no errors. Mr. and Mrs. F. A. Berry, whose son is a Wills player, kept a close eye on the plates, and more food was available as soon as cavities appeared. A beautiful big cake inscribed "Champs" was also heavily scored upon and disappeared from the playing field entirely, in company with strawberry sundaes.

Carl DeStefano, Warren young man who is on the Ridgway Record, will be a versatile newspaperman by the end of the week. Turn-

## Recent Transactions To Give Bisons New Faces on Hockey Team

Player news flowed from the Buffalo Hockey Club front office yesterday, like water from a hydrant, with Manager Fred Hunt confirming recent transactions that will give the Bison fans fresh faces to observe in the American Hockey league, which opens Sunday, Oct. 12, with the locals entertaining Pittsburgh Hornets at Memorial Auditorium, at 3 o'clock. Buffalonians and out of town hockey patrons alike will miss Knobby Warwick sold outright to Syracuse, who also received Sid McNabney and Don Ashbee from the Bisons in return for the contracts of Gordie Pennell and Frank Bergeron. Ashbee had been on option to Indianapolis, being recalled recently when the Caps pulled Pete Durham back, the latter having functioned with Buffalo most of the 1951-52 season.

At the same time Hunt released the contracts of Walter Atanas, Les Hickey and Harry Dick, the trio being sold outright to the Vancouver Canucks, Western League, where they rejoin Art Chapman, former Bison executive, currently handling the reins for that organization.

As to those players under contract General Manager Hunt announced that old standbys, Ab DeMarco, George Fargeter, Eddy Koberson and Gordie Pennell will hit the Montreal training camp, Sept. 15, raring to go, and unless Stan Long makes the grade with the Canadians, he too will swell the veterans ranks. For the present Phil McAtee and Nick Pidsodney, goalies, are also slated for the Bisons' training camp. Concerning Lou Crowdis and Sammy Levitt, Hunt was noncommittal, with the indications that additional transactions involving these players will be announced in the near future.

A number of signers of the American Declaration of Independence received their legal training at the Inns of Court, famous British law schools that date back to the 13th Century.

## Big Luke Easter's Bat Is Spearhead Of Indian Campaign

By RALPH BODEN

Luke Easter, former target for Cleveland's "boo birds," is top man on the hit parade of Indian fans today.

Big Luke is leading the Indians' one game behind the New York bid for the American League pennant, a drive that finds them only 14 games to play including a face-to-face meeting in Cleveland on Sunday.

Easter drove home two runs last night on a single and his 29th homer to lead the Indians to a 5-3 victory over the Philadelphia Athletics. But the Yanks protected their slim lead as Allie Reynolds pitched the Bombers to a 6-1 victory over the St. Louis Browns.

Meanwhile, the Brooklyn Dodgers moved 4½ games ahead of the New York Giants in the National League race. The Dodgers swept a two-night twin bill from Chicago, 4-1 and 8-2, after the Giants had won a 13-inning battle from Pittsburgh, 3-2, on Don Mueller's home run.

Easter, who has hit safely in 13 straight games, singled home the Indians' first run in the opening inning. Bob Lemon blanked the Athletics on three hits until the ninth, when he suddenly wilted. The A's loaded the bases with one out and Lemon issued two walks to force home two runs. Ted Wilks, the old National League fireman, came on and saved Lemon's 19th victory.

Reynolds was in top form against the Browns. The right-hander allowed only five hits and fanned 13 in racking up his 18th conquest. The Yanks collected 15 hits against Duane Pillette and two relief pitchers.

Johnny Rutherford, with assistance from Joe Black and Carl Erskine, turned back the Cubs at Ebbets Field. Rutherford bowed out for a pinch-hitter during a game-winning, four-run rally in the seventh of the opener. Black retired the Cubs in order the rest of the way.

Erskine coasted to his 12th victory in the second game.

Mueller's homer for the Giants sent game Murry Dickson down to his 20th defeat. Dickson, who won 20 games in 1951, is the first Pirate pitcher in modern history to be tagged with a score of defeats. The Giants engaged three pitchers to stem the Pirates with Hoyt Wilhelm gaining credit for his 13th victory.

In other games, the Philadelphia Phils defeated St. Louis, 6-3, and Cincinnati noted out Boston, 6-5, in 10 innings in the National League, and Chicago turned back Washington, 6-3, and Detroit upset Boston, 6-2, in the American.

Pembroke College, Pembroke, N. C., is the only school in the United States operated exclusively for Indians by state funds.
